MEMORANDUM FOR: Deputy Chief, Operations School, OTR

SUBJECT : Additional Escape and Evasion Training for Certain Project AQUATONE Personnel

25X1A6a

1. In confirmation of our telephone conversation of last week, it is my understanding that your facilities at [redacted] will be available for five (5) native born CIA contract employees during the period from 11 - 15 June, and again for a like group during the period from 25 - 29 June. This training period is approximately one day longer than that which was afforded us in May for our first group. I also understand that if there is a possibility of extending the training time for the group reporting to [redacted] on 25 June you will keep me advised.

2. I further understand that our transportation arrangements will be similar to those in operation on 1 May and that a special flight will depart Washington for [redacted] at 0815 hours, Monday, 11 June, with the return flight scheduled for 1815 hours (EST), Friday, 15 June. We will handle in this Headquarters the briefing of these personnel through the medium of our Headquarters Case Officer responsible for these contract employees. We will also make necessary transportation arrangements between their Headquarters in Washington and the airport, using sterile vehicles.

3. I further understand that both of these groups will be quartered in Quarters 71 at [redacted] which proved very satisfactory with our first group. You will recall that I asked you if it were possible to schedule the [redacted] training from 1900 hours to 2400 hours on Thursday, 14 June. This represents an extension of two hours over the time previously allocated this training. I would appreciate it if you would contact me if the contents of this memorandum raise any question in your mind. I will separately convey to you information on clothing sizes for the affected personnel and will at that time give you the identity of the Headquarters representative who will accompany the five trainees.
